THURSDAY, NOVEMBER 6th - 15-minute Lightning Sessions

		Session Title	Session Description	Audience
Session 5	11:00am - 11:45am	Where Did Those People Go: 2023 Version	Come to this session to get an orientation and unveil of the 2023 elementary (K-5) social studies standards. Attendees will leave with access to background information, lesson ideas, and resources to supplement their lessons.	Elementary School - Primary Grades Elementary School - Intermediate Grades
		AI for the Busy Librarian	Get tips and tricks for using AI effectively in the library! Discover how to simplify tasks, save time, and enhance your workflow—all in just 15 minutes.	Elementary School - Primary Grades
		Upper Elementary VRC	Wondering how to encourage your upper elementary students to read the Virginia Readers Choice books? In this 15 minute session, you will take away some lesson ideas to incorporate the VRC books with our older students and encourage them to keep reading while working towards a fun goal.	Elementary School - Intermediate Grades
Session 6	12:00pm - 12:45pm	GATE - (Gifted) Students Needs in the Library	Differentiating for all abilities in the library can be overwhelming at first! Gifted student needs are vast and varied throughout the school day, including library time. Come explore ways to create a space that nurtures curiosity, self-motivation, humor, problem-solving, and choice for your gifted students. This session will provide practical resources and a community discussion.	Elementary School - Primary Grades Elementary School - Intermediate Grades
		TBD		
		SEL Yourself	As librarians, we try to ensure our students have access to SEL materials. But what have we done for ourselves and co-workers? This session will be how to have good working relationships and environments in your workspace.	All Levels
Session 7	1:00pm - 1:45pm	Library Joy	The library can and should be the center for joy in the school. Come learn strategies for passive programming, building a culture of reading, and collaborating with teachers that make the school library a safe, welcoming space for everyone in your building.	Middle School High School
		Using the Padcaster to Create Student and School Videos	This session will teach users how to use the Padcaster to create mobile video/productions at school. The session will also show users how to record video, edit in Canva, and share with school staff. Bring Your Own Computers or simply watch and take notes.	All Levels
		Protect Your Collection, Budget, and the Planet!	Learn how environmentally sustainable protective options for your collection can double the average life of a book, increase overall sustainability, and reduce repurchase costs. See a practical demonstration and gather important insights from a librarian and current CoLibrì customer to see how the CoLibrì System can fit in your library and your budget!	All Levels
